# Acantilados

Reaching the Cliffs of Los Gigantes, located on the west coast of Tenerife, is a unique experience, offering a spectacle of the island's volcanic nature. The majestic volcanic rock walls rise 600 meters above the Atlantic Ocean. We recommend watching the sunset in this unique place that will amaze you.

## Puerto

Puerto de los Gigantes is a hub for boats sailing along the west coast to admire the immense cliffs from the water. These trips offer opportunities for seabird watching and cetaceans such as dolphins and pilot whales.

A portrait of Iris Apfel, an elderly woman with white hair, wearing large black-rimmed glasses, a bright green ruffled collar, and a vibrant pink ruffled shawl. She is resting her chin on her hand, which is adorned with a large ring. She wears multiple necklaces, including a large gold and crystal piece. The background is a soft, out-of-focus grey.

## BEE(S) ... PODEROSE

*Iris Apfel was an American businesswoman, interior designer, and fashion icon. In her later years, she impressed with her bold bohemian style, blending vintage hippie elements with haute couture.*

*She was known for her use of extravagant accessories such as necklaces, rings, scarves, voluminous ones, and, almost always, her signature bracelets and large circular glasses. She showed us that we can dress colorfully and uniquely at any age. She passed away on March 1, 2024, at the age of 102.*
